

Date _____

Experiment Name _____

What I did:

A large, empty rounded rectangular box with a black border, intended for students to describe the steps of their experiment.

What I saw:

A large, empty rounded rectangular box with a black border, intended for students to describe the observations made during the experiment.

I think this happened because...

A series of horizontal lines for writing. It consists of four sets of lines, each set including a solid top line, a dashed middle line, and a solid bottom line, providing a guide for handwriting.
